MONDAY, NOVEMBER 15, 2010
7:00 - 9:00 P.M. @ ENCUESTRO 5
33 HARRISON AVE, 5TH FLR, BOSTON, MA 02111

The "One Nation Working Together" rally brought together an unprecedented progressive coalition in Washington on October 2. Nationally, One Nation plans to continue its ambitious collaboration effort after the November election - when such collaboration between labor, civil rights, environmental, social justice, housing, peace and youth groups will be more important than ever.

The speakers represent Massachusetts groups that collaborated on One Nation. The forum will assess the election results and their impact on our movements' political environment, suggest ways that our movements can respond together in 2011 to the many challenges we face, and examine whether One Nation might play a role in our efforts to unite social movements here in Massachusetts.
